

DUAL ENROLLMENT

CHRISTIAN ACADEMY OF AMERICA

WHAT IS DUAL ENROLLMENT?

Dual enrollment courses allow high school students to take courses needed for high school graduation at a college level and receive credit from both institutions.

HOW DOES IT WORK?

Begin dual enrollment as early as the summer after your sophomore year of high school by enrolling in accredited college courses. You may take an individual course, complete a semester or year of college, or even earn an associate's degree! With concurrent completion of high school and college credits and the substantial tuition discounts offered by most colleges, you will save time and money.

WHAT COURSES CAN I TAKE?

Dual credit courses must be approved in advance by the CAA administrator to ensure satisfaction of high school requirements. College level courses will be accepted for dual credits at the following rate: 3 credit hours = 1 high school credit. The Academy Administration Fee will apply for each course taken that exceeds the maximum of 6 credits covered by standard tuition.

HOW MANY COURSES CAN I TAKE?

A CAA high school advisor will work with each family to see how many dual enrollment courses should be in a student's schedule based on the student's academic abilities and goals. Students must take two internal curricula academic courses from CAA during any enrolled school year.

WHERE CAN I TAKE A COLLEGE COURSE?

You may take college courses at any approved community or Christian college or university that offers dual credit courses for high school students. All dual credit courses must be approved in advance by the CAA administration to ensure satisfaction of high school requirements.
