Online Project Requirements

Projects are indicated by this symbol: **P**

For elementary students, all projects are optional.

High school students must complete a minimum of one project per unit in each subject (excluding units in which no projects are originally assigned). All extra projects that will not be completed should be changed to the "Skipped" status. This will allow a student to continue on to the next unit once all remaining assignments in the current unit are completed.

For project-based electives, students must complete all originally assigned projects in each unit.

Project-Based Electives
